"A Nursery to Design From"  
April 2021

## April Update Earth Day Every Day

---

April is a big month for Earth consciousness. Featuring Earth Day on the 22nd and National Arbor Day on the 30th, April is ripe with opportunities for taking action to benefit our beloved Mother Earth. No matter your industry or field of work, there's so many easy ways to make a difference this year with minimal time and effort.

In this month's newsletter, we'll help you navigate the options for Earth Day. We also showcase some gorgeous new plants and share some new gardening & planting tips and local & online events, all for the month of April.

In the nursery, we have a peony special running this month; see below for details. We are inundated with Spring orders at this time; please be aware that your orders may take longer than usual to fulfill. It is a good idea to get your orders in early so that you receive your plants when you need them.

Thank you,

Jane
