

CAPITOL  
WHOLESALE  
NURSERY, INC.

*Happy  
New Year  
&*

From your friends at Capitol Wholesale Nursery, we want to wish you a very happy 2020!

### **Overstock Donation Clearance**

We have many 5 gallon, 15 gallon and a few 24" box sized plants that we are donating. These are good plants that we have too many of. We would like to see these plants, that we have worked hard to keep looking good, go to good homes. (Please limit your selections to 10 or fewer so there is enough for everyone!)

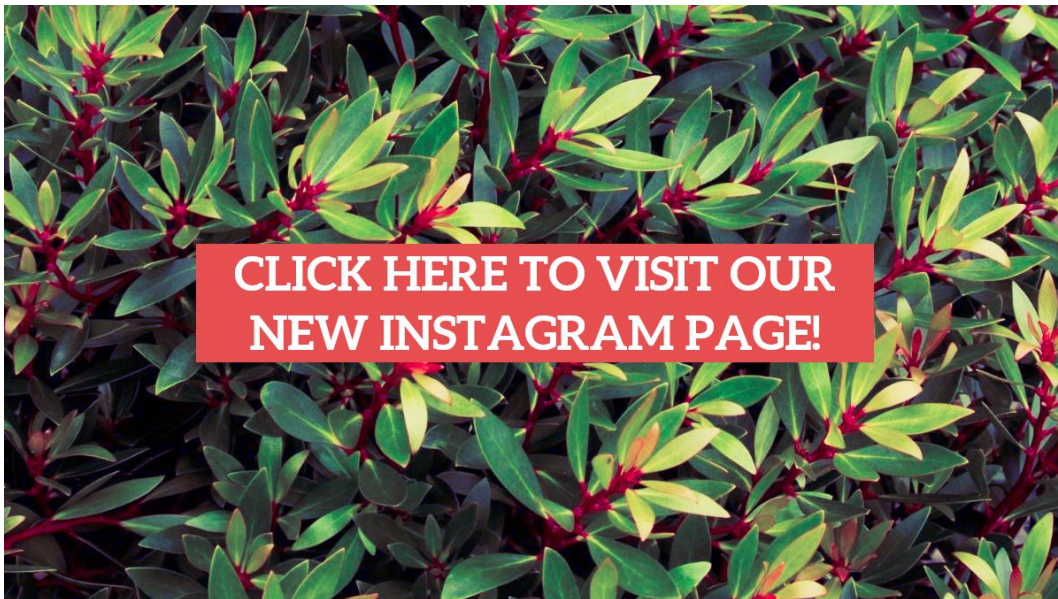

Don't delay - these will go quickly! Check by regularly for we will continue to add material through the end of the clearance period.

Plants are staged on pallets against the south fence of our shipping area.

## New Website Launch

We have exciting news - we will be launching a new, updated website in the coming weeks. Our new site will continue to feature the plant lists and information that you love in an updated, user-friendly format.
