**Black Lives Matter  
CWN Statement & Action Plan**

Like you, we at CWN are deeply saddened by the deaths of George Floyd, Breonna Taylor, Ahmaud Arbery, and countless others; as well as the targeting of Audubon Society birder Christian Cooper.

We are also heartened by the outpouring of voices in support of eradicating systemic violence and injustice towards Black individuals and communities. Whether peaceful protests, donations to organizations, or featuring Black voices and organizations, we strongly support efforts towards diversity and inclusion.

Here at the nursery, we are hiring and actively seeking to increase the diversity of our staff: please see the "Now Hiring" section below for details. In addition, we are enclosing a special section of links to organizations to which you can direct donations and other support.

June is also all about plants: read on to learn about our new searchable database, this month's featured plants, June landscaping events, and more.

New!

**Searchable Plant Database**

You asked, and we heard you. As of June, we now have a searchable scientific and common plant name database available on our website. The list of over 8,000 entries makes it easier than ever to locate the plant you're looking for. Click below to be directed to the new page on our website.

**June Featured Plants**

As we head into Summer, you may be wondering which plants take well to the heat. Whether constructing a Summer garden, updating your landscape, or advising clients,

common questions include:

- **Flowers:** I'm looking for flowers - which plants are blooming right now?
- **Direct sun:** What can I grow that will withstand this intense sun?
- **Watering:** Which varieties will flourish in Summer with minimal watering?

### Flowers: Roses

Summer is a great time for a rose garden! We offer a vast variety of roses in different colors, sizes, and textures. Whether red, pink, white, or a combination thereof, there's a rose out there for everyone.

### Direct Sun: Succulents, Cacti, Agave

Succulents, cacti and agave are an ideal choice for areas with sustained, direct sunlight. Stop by or visit our website to see the vast variety of heat- and sun-loving plants that we offer.

### Minimal Watering: Cordyline

If you are seeking a plant that requires only the most minimal care, or wish for some variety other than succulents, try cordylines. We have many different varieties and sizes of this long-leafed beauty.

## We're Hiring!

We are currently hiring for several nursery positions (sales, stocking, watering, shipping/receiving). As part of our recruitment efforts, we are actively seeking diverse candidates. We are an equal opportunity employer (an employer who agrees not to discriminate against any employee or job applicant because of race, color, religion, national origin, sex, physical or mental disability, or age).

Please direct resumes & a brief cover letter to [cwnemployment@gmail.com](mailto:cwnemployment@gmail.com) letting us know why you would be a great addition to our team.

## Charitable Donations

This month, we are highlighting a few (of many) organizations who are actively working to eradicate race-based injustice in the United States and the Bay Area of California.

### [Black Earth Farms](#)

A Black and Indigenous Led Agroecology Collective, Black Earth Farms is currently working to deliver free food to Black people who have been arrested during the BLM protests.

[blackearthfarms.com](http://blackearthfarms.com)

### Equal Justice Initiative

A donation to The Equal Justice Initiative helps to bolster this organization's efforts towards "ending mass incarceration and excessive punishment in the United States, challenge racial and economic justice, and protect the basic human rights for the most vulnerable people in American society." [eji.org](http://eji.org)

### Black Lives Matter Global Networks

Your donation will go towards funding the Black Lives Matter movement "to fight for freedom, liberation, and justice for Black communities."

[www.blacklivesmatter.com](http://www.blacklivesmatter.com)

### Black Futures Lab

This Oakland-based organization works "to transform our communities by building Black political power & changing the way power operates in cities and states."

## You Design It We Deliver It

With our extensive inventory and trusted nursery partners, CWN is your one source for plants and planting supplies. The nursery is brimming with a wide variety of colors, textures, and sizes. We have in stock a complete mix to accommodate larger quantities of our best sellers, making it even easier to complete your orders more quickly.

Here is a brief summary of what we can do for you:

- Assemble orders for "will call" or delivery, usually the same day
- Always use the best and most consistent materials available
- Contact you immediately if there is a quality or available issue
- Order out-of-stock or specialty materials (to arrive as quickly as possible) using all available resources
- Guarantee that CWN materials will meet or exceed your satisfaction
