**Bay Area Water Supply & Conservation Agency**  
~~~~~

Learn how to garden beautifully while reducing your water use. BAWSCA's Landscape Education Classes are designed to introduce homeowners, commercial property managers, landscape service providers, and others to the concepts of water-efficient and sustainable landscaping.

FREE Classroom Lectures and Hands-On Workshops focus on:

- Sustainable Landscaping
  - Understanding Water-Use Efficiency in the Landscape
  - Use of California Native and Drought Tolerant Plants
  - Creating Healthy Soil
- Alternatives to Lawn
- Habitat Gardening
- Edible Landscaping
- Water Efficient Irrigation Practices
- Parent/Child Gardening Workshop

**UC Master Gardeners**  
~~~~~

The UC Master Gardener Program of Santa Clara County is a volunteer organization sponsored by the University of California Cooperative Extension. Our mission is to extend research-based knowledge and information on home horticulture, pest

management, and sustainable landscape practices to county residents and be guided by our core values and strategic initiatives.

### Featured Product - Big Harvest Garden Soil

~~~~~

E.B. Stone Big Harvest Garden Soil Bale is an ideal soil conditioner. Great for planting and mulching.

Contains: aged redwood, aged fir bark, compost, dehydrated chicken manure, earthworm castings, bat guano, kelp meal and alfalfa meal.

### Featured Plants

~~~~~

**Dianella tasmanica 'Silver Streak'**- *Silver Streak*

*Flax Lily*: Handsome, strap-like, green and white-striped leaves that will brighten up garden beds and borders. The neat, clumping habit is ideal for massing as a groundcover. Delicate sprays of pale blue-violet flowers appear above the foliage in mid-spring; bright blue berries follow in summer. (Description from Monrovia)

**Agave shawii x attenuata 'Blue Flame'** - *Blue Flame Agave*

*Flame Agave*: A beautiful clumping, hybrid agave. Rosettes of glaucous blue foliage resemble a blue gas flame, with gracefully incurved leaf tips. The edges of the fleshy

leaves often appear to glow when back-lit by late afternoon sunlight. This handsome, tough and drought tolerant plant lends a Mediterranean feel to sunny, dry gardens and is well-suited to containers. (Description from Monrovia)

**Hydrangea arborescens 'Annabelle' - Annabelle**

*Hydrangea*: Stunning pure white flowers, much larger than others of the species - up to 12 inches across! Blooms appear in late spring to summer, often continuing into fall. Strong, straight stems hold the huge flower heads up well, despite heavy rain. This full, lush shrub needs plenty of room to show off its spectacular beauty. (Description from Monrovia)

More excellent choices now in the nursery:

**Agapanthus africanus 'Ponto's Queen of the Nile' - Variegated**

*Agapanthus*: Introduced by Ponto Nursery this attractive evergreen perennial has variegated green & yellow foliage. Deer, gopher & fire tolerant. Good near pools, borders, pots & as a cut flower. Attracts butterflies. Blooms lavender blue spring-summer. Drought tolerant when established.

**Acanthus mollis 'Oak Leaf' - Grecian Pattern Plant:**

Eye-catching structural element for partially shaded borders or background plantings. Grow for the large, lustrous, oak leaf-shaped foliage alone or enjoy the tall spires of lilac-tinged white flowers. Very tolerant of dry shade conditions when established. (Description from Monrovia)

**Agonis flexuosa 'After Dark'** - *After Dark Peppermint Willow*: An excellent small tree for use in containers, informal hedges, or as a landscape accent,. The striking semi-sweeping habit with dark burgundy foliage is adorned by white, burgundy-centered flowers in spring and summer. Tolerates windy and seaside conditions, and some drought in coastal regions when established. (Description from Monrovia)

Along with what seems like a never ending variety of **Agave, Aloe, Cacti** and **Succulents** there is never a shortage of material to make every garden unique. We stock many of these plants at the nursery as well as many informative publications.

**You Design It, We Deliver It**

~~~~~

With our extensive inventory and trusted nursery partners, CWN is your one source for plants and planting supplies. The nursery is brimming with a wide variety of colors, textures and sizes. We have in stock a complete mix to accommodate larger quantities of our best sellers, making it even easier to complete your orders more quickly.

Here is a brief summary of what we can do for you:

- Assemble orders for will call or delivery, usually the same day
- Always use the best and most consistent materials available
- Contact you immediately if there is a quality or availability issue
- Order out of stock or specialty materials, to arrive as quickly as possible, using all available resources
- Guarantee that CWN material will meet or exceed your satisfaction
